VSGROUP
consulting company

ABOUT US

VSGROUP is a consortium company that is the basis for other companies.

Our task:

- build quality housing
- build level roads
- manufacture gravel and sand products

**VS
GROUP**

Today we have 150 own equipment, 2 asphalt plants of foreign manufacturers, 2 concrete plants with a capacity of 80 cubic meters per hour

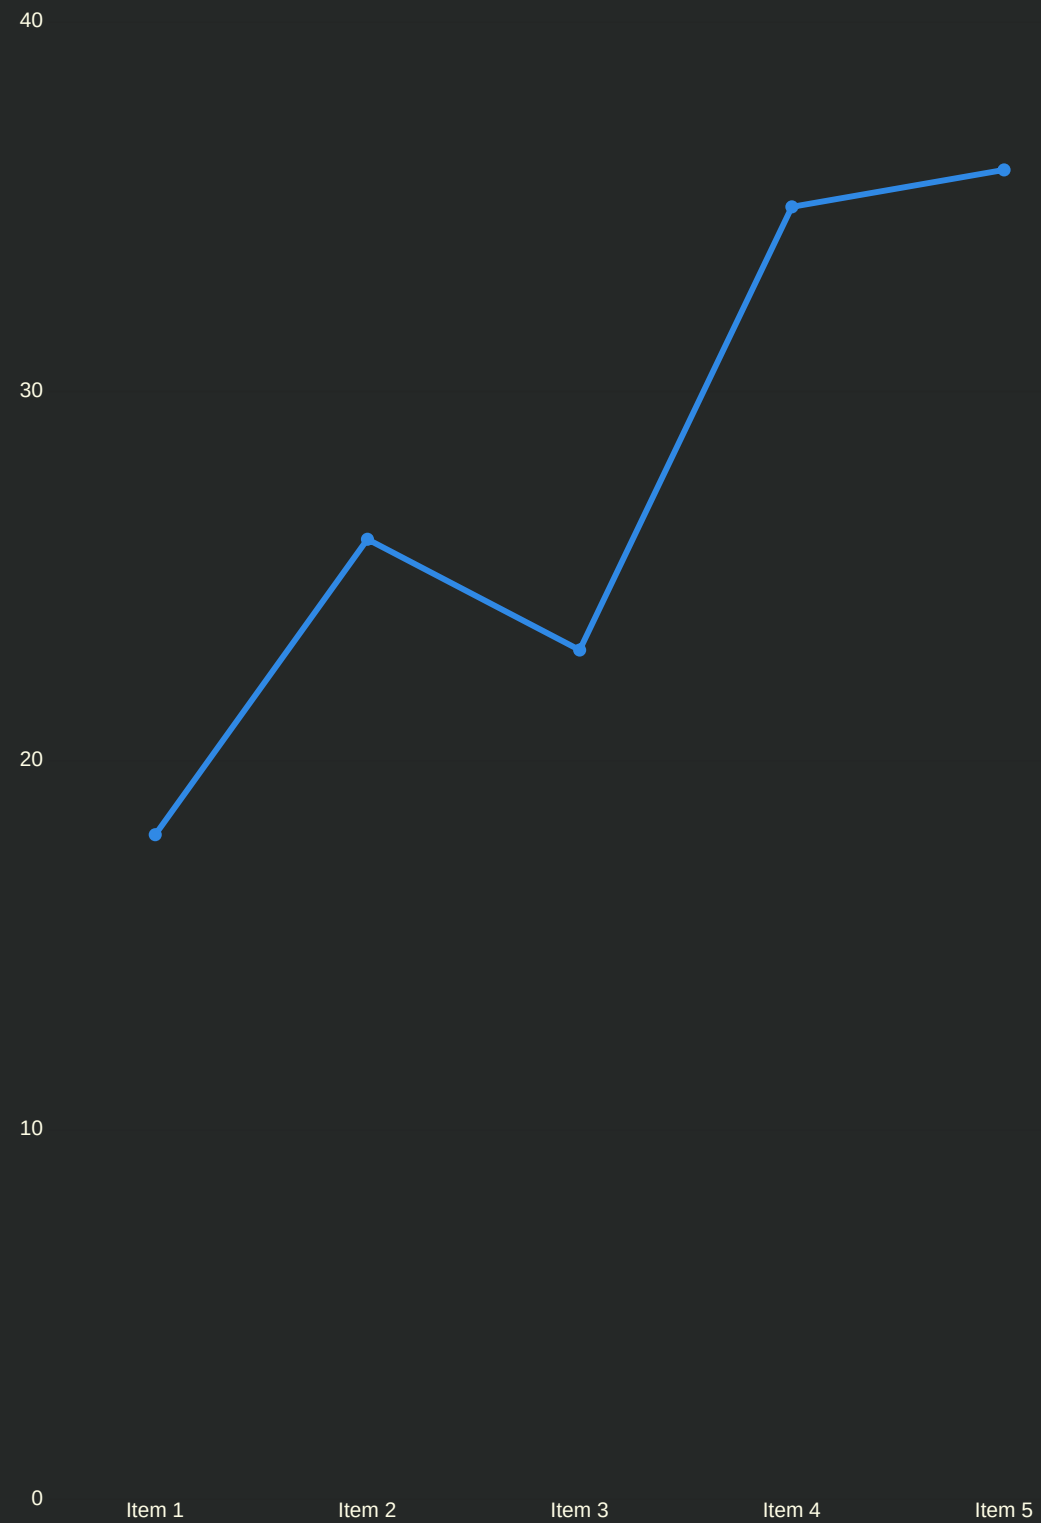

**VS
GROUP**

The main goal of TDV Nadvirna Quarry-Carpathians is to extract stone and break it into crushed stone of different fractions with further sale.

To ensure production, the company owns new excavators Volvo 250, Volvo 300, Volvo 350, which carry 4 tons of loading stone on Belaz cars, which in turn export raw materials to the crushing plant.

Ukraine's road industry has shown phenomenal growth in recent years. Our company remains in this trend and plans to continue acquiring road equipment for major infrastructure projects. Also, we are interested in the development of a new direction for us — the distribution of road machinery in Ukraine, as the demand for this type of equipment has also grown significantly in recent years.

1. Development strategy of our company. Our company is actively involved in road construction in Western Ukraine. We currently have 6 rollers, 2 cutters and 2 asphalt pavers from WIRTGEN GROUP

2. Ukraine has been actively demonstrating road gas for the last 2 years and will be ready to buy road machinery from JOHN DEER

3. Who we are ready to be for John Deer

1) Distributor

2) Partner

3) Sales of products

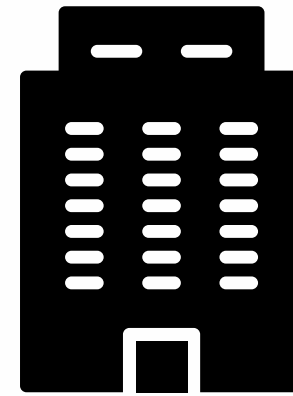

Why us?

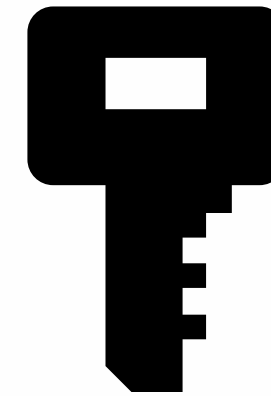

Active income

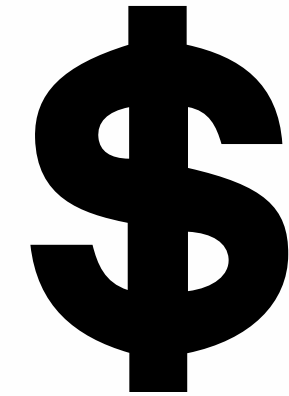

Potential growth

Stability

Predictability

Increasing value
